The Drug Enforcement Agency (DEA) enacted the Domestic Chemical Diversion Control Act of 1993 and the Chemical Diversion and Trafficking Act of 1988 to control chemicals that can be used in the clandestine production of controlled substances. DEA has classified these regulated chemicals as List I and List II. DEA has the authority to modify the lists at any time. Effective August 1, 2007, DEA moved Iodine from a List II to a List I chemical.

Consult <http://www.deadiversion.usdoj.gov/drugreg/index.html> for more information.

The following information is given to assist our customers to comply with the new DEA regulations.

### DEA REGISTRATION REQUIREMENTS FOR LIST I CHEMICALS

- Registration is required if you are going to purchase the product for resale
  - Not required if you are going to purchase the product for internal use
    - Ricca Chemical Company must have an intended use letter on file for those not required to register before the order will be processed
    - The intended use letter **MUST** be updated annually
- Based on business activity (manufacturing, distribution, importing and exporting)
  - Separate DEA registration required for **each activity** and **each location**
- Refer to [http://www.deadiversion.usdoj.gov/drugreg/reg\\_apps/onlineforms\\_new.htm](http://www.deadiversion.usdoj.gov/drugreg/reg_apps/onlineforms_new.htm) for the actual application
- DEA registration and fee payment are an annual requirement
- Ricca Chemical Company must have a copy of your current registration on file prior to sale
- Ricca Chemical Company must obtain and maintain, on an annual basis, a list of the names and signatures of the authorized buyers for these DEA restricted chemicals prior to sale

### DEA REQUIREMENTS FOR LIST II CHEMICALS

- DEA registration is not required
- Ricca Chemical Company must obtain and maintain, on an annual basis, a list of the names and signatures of the authorized buyers for these DEA restricted chemicals prior to sale
- Keep records of the buyer to verify the existence and validity of the business entity
- Keep records of the purchase date, quantity and method of transfer
- Report to DEA suspicious purchases and/or unusual or excessive losses of the listed chemicals
- Quantities may be restricted per order
